

Common problems in ESOP Management

Huge paper work in managing multiple schemes/ maintaining excel sheet for options granted, accepted and exercised by the employees

Maintaining data of large number of employees in various companies situated at multiple locations across India and globally

Making complex calculations for options vested and to be exercised by employees / re-calculations due to corporate action or performance appraisals

Coordinating with the finance department for ESOP payments

Preparing various MIS reports

How we can help ?

ESOP Guardian is a web based comprehensive application for managing ESOP of any Company, designed by experienced and professional team of CA/CS/IT personnel after collating all their practical experience related to managing ESOP across sectors.

The application manages the complete lifecycle of ESOP in any organization post its implementation keeping in view the regulatory framework under which ESOP functions.
